Duke-DKU Global Fellows Program

Guidelines for the 2018-2019 Fellowship
Applications due Monday, December 11, 2017, by 5pm

Fellows will teach two courses over a 5-month stay at DKU. Most courses at DKU are taught in 7-week terms; a few courses are taught over a semester. Contact hours for all classes are the same; in particular, the number of contact hours for a 7-week course is the same as a 14-week course. Fellows may teach courses in 7-week terms or a semester long term structure, depending on the course configuration and DKU needs. Courses might include sections of common courses, distinct elective courses, lab sections or recitations. Assignment of classes will be determined by Fellow specific expertise and by DKU teaching needs.

The award carries a $13,000 stipend ($17,000 for fellows who have completed their PhD), coverage of tuition fees at Duke University for a semester, a $1,500 allowance for costs related to research or course preparation, travel costs to/from China, health insurance, and a housing allowance.

Eligibility for the Duke-DKU Global Fellows Program
A. Applicants must have recently completed a Duke University doctoral program or be full time students, in good standing, in a Duke University doctoral program and have advanced to doctoral candidate status at the time of application. Students who expect to complete their doctoral degree before the fellowship year begins are also welcome to apply.
B. Applicants should:
   a. Have completed between 5 and 7 years of graduate study at Duke at the time of application.
   b. Be able to participate in the fellowship for at least one semester of the 2018-19 academic year. Conditional on a successful review, fellows will have the option to be renewed for a second semester.
   c. Expect to devote themselves full time to their teaching and research in the semester at DKU. Fellows may not undertake other teaching or research opportunities at DKU, Duke or elsewhere during the period of the fellowship.
C. When applicable, the DKU Global Fellows Program replaces other graduate school stipend and scholarship funding a student may have been scheduled to receive for the fellowship year. Eligibility for other funding cannot be “banked” for use in a subsequent year, though this should not limit a
department’s internal funding structure. Fellows who receive offers for other awards should contact the Graduate School to determine whether the two awards may be held concurrently.

**Selection Process**
A. Applicants from all disciplines are invited to apply.
B. Preference will be given to applicants with demonstrated excellence in teaching, a commitment to liberal arts education, and who have completed their dissertation or are close to completing their dissertation.
C. Fellow selection will be guided by the need, priorities and preferences for particular fields and courses expressed by DKU. The number and type of Fellows needed will vary somewhat from year to year.

**Application Process**

**Application**
The Provost’s Office uses *MyResearchProposal* online application software to submit applications.

You will be asked to upload the following documents:
